Modena Cento Ore Nominated Rally of the Year at London "International Historic Motoring Awards"

For the second year in a row, the [Modena Cento Ore](#) has joined the shortlist of the most beautiful events in the world, being the only Italian event to receive a nomination for Rally of the Year at the 2016 International Historic Motoring Awards celebrated in London.

In 2017, the Modena Cento Ore will take place from June 6th to 11th. Pre-registrations are ongoing with many international applications already on file. All indications are that **it will sell out during the early booking phase**, confirming the great enthusiasm for this event.

Once again, the team of [Scuderia Tricolore](#) and [Terre di Canossa](#) are preparing a unique programme, which will see the crews challenge each other for four days on the most beautiful roads of Emilia-Romagna Tuscany, from Rimini to Florence and from Forte dei Marmi to Modena. Three races are scheduled on the legendary tracks of Imola, Misano and Mugello, and 12 hillclimbs special stages on roads closed to the public - a winning mix of rallying and racing, made even more exciting by the starting grids.

Modena Cento Ore is not just a race. More importantly, it is an opportunity for ladies and gentlemen drivers from all over the world to experience Italy in a special way, combining beautiful cars and exciting challenges with the pleasures of the Italian cuisine while discovering the countryside traversed by the route, that crosses Italy from east to west.

"Modena Cento Ore has established itself as one of the most important races in the world, and as a gathering place for the biggest names in this business", says Luigi Orlandini, Chairman of the Scuderia Tricolore and ingenious founder of Canossa Events. "This has been proven by our nomination at the International Historic Motoring Awards - the 'Oscars' of historic motoring - for the second year in a row, where Italy's only representative among the finalists was the Cento Ore. Our success is the result of the participants' enthusiasm and the dedication of our tight-knit team, who works harder each year for 12 months to surpass the previous edition."
