It is nearly that time of year and this year it's an extra special one with the Members Meeting celebrating it's 75th edition. The Goodwood Members' Meeting is an epic weekend of motor racing which aims to recreate the atmosphere and camaraderie of the original BARC Member's Meetings held at Goodwood throughout the 1950's and 1960's.

We will be exhibiting during this event with a pavilion tent and three incredible 1960's Ferraris on display. We will also have some of our expert engineers on hand to answer all of your questions.

A winning formula of spectacular cars, high-speed track demonstrations, fun-packed festivities and great entertainment, join us in the Chicane Paddock for a thoroughly exciting two days!
