Every year, the Mugello circuit in Italy holds a vintage event called the Modena Cento Ore Classic. It brings out some of the coolest historic race cars around and puts them together for a weekend of fun.

This year, over 100 iconic cars came out to play, each more legendary than the last. Among the entrants are Ford GT40s, BMW M1 Procars, Ferrari 250s, Alfa Romeo GTAMs, and Shelby Cobras. The [Italiansupercar](#) YouTube channel was on the scene to capture the entire event, getting up close to the cars as they round corners battling for position and shooting flames. Chances are you'll see something you like.

The most enjoyable part of this clip, for me anyway, is the sound. It's not often you get to hear these cars at full-tilt, especially together in the same place on track. Please, turn your volume up if you want to get the most out of this experience.
