

PRESS RELEASE

Friday March 13th, 2020

The world has been hit very strongly by the novel coronavirus and is working to face the pandemic. While we are striving to handle these hard times at our best and praying to return to our normal lives as soon as possible, we at Canossa have taken all possible measure to help contain the virus' spread and safeguard the health of all people involved in our activities.

This terrible crisis requires us to reschedule many activities and to reorganise our operations, but our core services are running as normal in Italy as well as in the United States and in the Middle East.

Among our major events, we are working to reschedule the **Terre di Canossa** rally from April to October. More details will be announced shortly.

The wonderful **Rally of Enchantment**, planned for May in the United States, will be held in May 2021.

We hope we will be able to confirm the original dates of the **Modena Cento Ore** but, of course, we are also preparing to shift the race to mid-October, according to the evolution of the pandemic.

As for all other events, participants will be informed of any change.

Our customer care office is always available for any request.

Incidents and troubles are part of our life, they hurt but they help us to become stronger and stronger.

That's why we will do our best to maintain, in the second half of the year, as many opportunities as possible to gather together and enjoy great days of motoring, passion and smiles.

Luigi Orlandini

Chairman and CEO
